2024

*Great Southern Street Machine Assoc. Inc*

## Our Club:

The Great Southern Street Machine Association Inc is a not-for-profit sporting club for anyone with a passion for all things automotive. The club was founded over 40 years ago and has been active within the community since inception.

We have a very diverse membership which numbers more than a hundred. We have monthly meetings as well as numerous automotive activities throughout the year for members or any interested parties.

The Club organises grass roots motorsport events throughout the year examples of events we conduct are Motorsport Australia speed event Series Wind Farm Hill Climb and Pendeen Sprint, Nyabing Drift and Motorkhana. The Club travels extensively throughout the region assisting other Clubs to conduct motorsport events.

The motorsport events the Club facilitates require our members to officiate at the event. We are able to provide officials as the club has a strategic plan that encourages members to participate in training courses approved/conducted by Motorsport Australia. This is an ongoing plan; and we hold several Motorsport Australia training courses throughout the year. The practical training is via events we conduct, and events held by other sporting associations.

We are highly active in the local community, supporting local motoring events, such as Albany Classic-Around the houses, TARGA West, Tarmac Rally and Rally Sport Events, Cars & Coffee, Museum display, Operation Rudolf, City of Albany Christmas pageant. The Club also provides displays, event volunteers, officials, entrants, and spectators. The Club is a big supporter of local charities.

Our annual Show & Shine is the high light of the year for the community and our Club. It has been running successfully and continually for the past 28 years and each year it continues to grow and go from strength to strength.

From humble beginnings we have now progressed to be fully indoor event, one of only a few indoor car shows within the State. Our event is spread over a large pavilion, marquee, and surrounding ovals there is plenty to see and do for the whole family.
